EDUCATION

CHANDIGARH UNIVERSITY

Bachelor of Technology, Computer Science & Engineering

CHANDIGARH, INDIA

June, 2018 - June, 2022

EXPERIENCE

PALAI GLOBAL EXPORTS ([Kalinga Foods](#) and [Sthvara](#))

MORBI, GUJARAT

Founder Feb 2026 - Present

- Built and operated an export business across agricultural commodities ([Kalinga Foods](#)) and ceramic tiles ([Sthvara](#)), leading strategic sourcing across Odisha and Gujarat, commercial negotiations, pricing strategy, and international business development.
- Established supplier partnerships through factory and mill visits, production capability assessments, quality assurance, and packaging standardization while coordinating logistics, freight forwarding, export compliance (APEDA, IEC, GST, FSSAI, UDYAM), ECGC-backed trade risk management, and investor-backed order financing of up to ₹180 million.
- Conducted international market research and pricing analysis using global trade and port data, collaborating with embassies and trade bodies to evaluate market-entry opportunities across 100+ countries, benchmark competitors, and build international buyer pipelines.
- Designed and built **Palai Outreach OS**, an AI-powered commercial operating system, and self-hosted a scalable outreach infrastructure to automate lead enrichment, quotation generation, CRM synchronization, and multi-channel (email and whatsapp) customer engagement and automation using AI.

CONVIN AI

BENGALURU, INDIA

Associate Product Manager

Aug 2024 - Oct 2025

- Owned end-to-end development of Convin.ai's flagship **Auto QA** from client discovery to solution design, driving adoption gains that positioned Convin among [India's Top 6 Startups \(2025\)](#) by LinkedIn.
- Restructured Auto QA from Python scripts to a scalable **no-code rule engine** product; cut Go-To-Market time by 48% and boosted product adoption by 60% across 80+ enterprise clients.
- Built custom integrations and automated support workflows via **n8n**, resolving recurring tickets, reducing support queue load by 40%, and improving CSAT.

PUBLICIS SAPIENT

BENGALURU, INDIA

Product Engineer L1

Jan 2022 - Aug 2024

- Built and maintained core React web applications for 1 year; later stepped into scrum master role for the accessibility team, driving delivery to hit 95% WCAG 2.1 Level AA compliance.
- Junior Product Owner for Stellantis Free2Move; coordinated client-side web application interface specs with Accenture design teams, ensuring on-time delivery for European EV customers.

PROJECTS & INTERNSHIPS

Haven7

Sep 2025 - Dec 2026

AI Productivity Tool for PMs

[Github](#) | [Project](#)

- Architected vector-based semantic search tools utilizing **pgvector** to search across internal documentation (Slack, Google Drive, Notion) and designed AI-assisted requirement spec generator tools.
- Conducted primary user research and launched product prototypes to scale organic signups to 80+ monthly active users in the initial launch month.

Ulaska

July 2020

Content & SEO Analyst Internship

[Articles](#)

- Authored 200+ articles focused on Web3, emerging tech trends, and SEO keyword targeting strategies.
- Optimized website CTR by 4% and drove 3x organic traffic expansion through data-informed content maps.
